A fundamental pillar of revolutionary work is to systematically intervene and provide a perspective for the development of the struggle of the working class. The existence of a revolutionary tendency, though very weak, is a manifestation of the antagonism between the social classes and is a barometer of the class struggle.

A revolutionary tendency is only supported against the enormous resources of the bourgeoisie propaganda machine by those who are against the capitalist society, exploitation, wage slavery etc. Internationalist Voice is truly internationalist without any illusions about nationalism, democracy, and the left of capital, and defends the Left Communist tradition. Internationalist Voice is fighting for the Communist Revolution and needs your support in its struggle, in its defense of proletarian values and principles. Support Internationalist Voice.
